OUR LITTLE MISSION in the Great Mission

Rev. K. D. Egoroff's brief report of his work in the Methodist Episcopal Mission, North Manchuria. The Methodist Episcopal Church is doing a great work all over the world. Several years ago some American Methodist missionaries arrived in Harbin to start the Russian Gospel work. Rev. Geo. F. Erwin, being in charge of the evangelical work in Manchuria, from time to time was visiting various places of the Far East organizing the work and spreading the message of the Redeemer's love. In a number of places the work has been thus organized by him. Once he has visited a railway station called "Yangtsoo". After an earnest prayer he opened the work there, ordering me to be in charge of the newly started work. The album represents my brief report of the work which has been done during more than 10 years since the time of the appointment. K. D. Egoroff

By the time of the second Rev. G. Irwin's arrival, the people were ready to accept Jesus.
On a conference the members of the new assembly decided to build their own house. Rev. J. F. Erwin approved the desire, and the Mission helped financially.

S. & S. children. Many of the children have Russian mothers but Chinese fathers. This is a result of the Civil War in Russia (1917).
The S.S. children were fed not only spiritually but physically as well. On holidays we provided dinners for them.
At the station there was no educational school. Hence, we opened a grammar school.
Every next year witnessed a new progress in the branch of the work.
THE METHODIST KINDERGARTEN

During the summer months we had a kindergarten where the children were taught the Word of God, handwork, branding, saving out sport. In autumn all the children's works were exhibited, and parents enjoyed to receive.

THE MISSIONARY ACTIVITY

Bro. A. Teunick passed the whole country, selling the portions of God's Word. Since he is lame, he has been unable to walk without a stick.

We spread the message of God's love in neighboring stations as well. We used horses for driving. In 1930 we held revival meetings on the Tsitsikar station during some months.

ACTIVITY among WOMEN

Splendid work has been done among the Russian Women. Every Tuesday we hold a handiwork class.

Every last Sunday of a month they held their evangelical meetings.

Afterword

Coming to the last pages of the album, one can perceive the work has been done by me faithfully, and I proved to be honest and faithful in Rev. J. Irwin and Bishop Ainsworth's appointment. On the way we encountered many difficulties and several times we have experienced wars in the country. Receiving no support from the Mission, we have been still continuing the work of the church, providing at the same time the means of livelihood. During the time of our staying at Jabantoon more than 50 souls were accepted into the church. At present we are living in Karen and do our best to continue the Gospel work. The Lord continues to bless us and we believe the Mission will neither forget us in the days of our tribulation, nor the Russian work in Manichra.

Yours, Rev. H. S. Egroff
